## METHODOLOGY

# Burkina Faso (BFA) Administrative Boundary Common Operational Database (COD-AB)

*Acquired from Institut Géographique du Burkina and P-coded by OCHA.*

*Vetting and live service provision by [Information Technology Outreach Services \(ITOS\)](#) with funding from USAID.*

## CAVEATS

*The KMZ files for administrative levels 0, 1, and 2 were created from generalized (tolerance 0.01 degree) versions of the shapefiles. The shapefile resources are the originals.*

*The significant characters of administrative level 2 feature Kadiogo [BF1300], which includes Ouagadougou, are '00'.*
